Creative Aging: Discovering the Unexpected Joys of Later Life Through Personality Type

Nancy B. Millner

Why are a few humans jam-packed with power and keenness for life, whereas others are Creative Aging: Discovering the Unexpected Joys of Later Life Through Personality Type certain by means of worry and regret? utilising Jung's version of character variety and the instruments of the Myers Briggs kind Indicator® assessment, psychologist and counselor Nancy Millner examines the impression character transformations have on our responses to aging. Millner bargains as representation the non-public tales of greater than 50 those who have gone through midlife and at the moment are getting older creatively of their 60s and 70s. All have confronted the restrictions in their later years with optimism that has resulted in new power and objective of their work, their relationships and their non secular growth.

Creative Aging Discovering The Unexpected Joys Of Later Life Through Personality Type
