Dietario Voluble by Enrique Vila-Matas

Enrique Vila-Matas

Este libro abarca tres años (2005-2008) del cuaderno de notas own de Enrique Vila-Matas. Combina los comentarios sobre libros leídos con l. a. experiencia y l. a. memoria personal, y va abriendo camino para l. a. autobiografía amplia, siempre a l. a. búsqueda de que lo genuine sea visto como espacio idóneo para acomodar lo imaginario, y así novelizar los angeles vida. Además, Dietario Dietario Voluble voluble abunda en los procedimientos literarios más habituales en Vila-Matas, donde las diferencias estilísticas entre l. a. ficción y el ensayo son cada vez menos relevantes. Compuesto en parte por notas que pasaron del cuaderno del escritor a los angeles edición Dietario Voluble dominical de El País de Cataluña, pero también por fragmentos inéditos, y por notas que han sido escritas para completar esta edición, Dietario voluble es un tapiz que se dispara en muchas direcciones.

Es indudable que los Dietario Voluble últimos años han hecho justicia con Enrique Vila-Matas puesto que no sólo se ha convertido en uno de los autores mimados por el público lector sino que ha sabido crear, sostener y acentuar, si esto es posible, Dietario Voluble los angeles mística de su espacio creativo sin desmerecer en ningún momento el nivel de su prosa. Dietario voluble es un cuaderno personal, una bitácora de lectura, una colección de imágenes rotas, juego de espejos. Los pequeños ensayos que componen el volumen coquetean con l. a. ingravidez de una meditada intrascendencia inmanente a todo lo genuine o poseen el peso abrupto y certero de las buenas ficciones. Sus páginas desdibujan las fronteras narrativas adentrándose en el mágico territorio vila-mateano en el que se entremezclan geografías y personajes; grafías y biografías. Dietario voluble no es los angeles opción acertada para ingresar en el mundo narrativo del genial taumaturgo español, sí lo es para penetrar definitiva e irreversiblemente en el círculo íntimo de su imaginación.
