Michael Riffaterre

"All literary genres are artifacts," writes Michael Riffaterre, "but none Fictional Truth extra blatantly so than fiction. Its very identify proclaims its artificiality, and but it needs to in some way be precise to carry the curiosity of its readers, to inform them approximately studies right now imaginary and suitable to their very own lives. This paradox of fact in fiction is the matter for which I suggest to hunt a solution." In "Fictional Truth" Riffaterre identifies and discusses the positive aspects that supply fictional narratives their ring of truth. He bargains a semiotic revision of conventional narratology, units forth a brand new idea of intertextual overdetermination, and provides an research of the manifestation of narrative content material in the course of the operations of an intertextual unconscious. Throughout, Riffaterre assessments conception opposed to shut readings of fiction by means of such authors as Austen, Balzac, Dickens, James, Meredith, Proust, and Trollope. An advent and word list of phrases help in making this an essential quantity for the scholars in addition to the specialist.

Riffaterre theorizes that even realist fiction predicates 'truth' on tropes and phraseology, instead of verisimilitude
