I Lady Scandal loved it. I loved the characters. not like different HR's, Alexandria is a mature girl with a grown son. She has a superb head on her shoulders. I even like Diana, the younger niece. whereas a section flitty (she's basically 17 after all), she has gumption or even takes at the enemy armed merely with a poker. Oh yeah, after which there is Paxten. Yeah, he is there. If I had any grievance it might be with the climax and the unbelievably handy visual appeal of a few characters. That was once type of pushing things.
