Leyla findet nach dem Tod ihrer Mutter eine Einladung ihrer Familie vor, nach Pemberton Hurst zu kommen. Voller Zweifel und Beklommenheit reist sie; nicht ohne Grund. Denn sie weiß nur, daß dieser Landsitz der Ort ihrer Kindheit ist, aber an die Menschen dort, an ihre Familie kann sie sich nicht erinnern. Überrascht wird sie von ihrer Familie begrüßt und beobachtet, aber willkommen geheißen wird sie nicht. Als Leyla beginnt, nach ihrer Vergangenheit zu suchen, begegnet guy ihr mit unverhohlenem Mißtrauen und hartnäckigem Schweigen. Gegen den Widerstand ihrer Familie versucht sie allein, die Wahrheit herauszufinden und den vielen Fragen auf Lockruf Der Vergangenheit den Grund zu gehen. Lastet auf der Familie wirklich ein Fluch, wie viele Leute behaupten? Warum waren ihre Vettern nicht verheiratet? Muß sie wirklich einem Leben ohne Lockruf Der Vergangenheit einen liebenden Mann und Kinder entgegensetzen? Mutig kämpft Leyla Pemberton um ihre Erinnerungen und stößt dabei auf ein schreckliches Geheimnis ...

no longer awful, yet now not great. a few scenes have been lovely stable & others have been hilariously bad. The middle plot is respectable enough, however it lacked...something...to push it to a different level. i am not definite which frustrated me more: the narrator's wildly switching evaluations from one web page to a different (with little or no proof both way), the goofy nature of the curse (discussions of "the tumor" have been LOLzy), the repetition & re-hashing of confirmed plot issues (yeah, I acquired it the 1st 3 times), or the plausibility of a whole kin laboring lower than such an outlandish yoke of manipulation. The Lockruf Der Vergangenheit heroine's rescuing every person from their umbrella o' DOOM Lockruf Der Vergangenheit used to be just...wtf. Why had not anyone else ever spotted those inconsistencies? The secret of "the curse" ain't precisely rocket science, but not one of the stressed semi-intelligent young ones or girls who married into the kinfolk imagine to question it? Really? *eyebrow*The better part used to be the atmosphere. Pemberton Hurst is vividly defined -- from turrets to heavy wood furniture to the discomfiting abundance of potted vegetation -- and the monastic charisma of the relatives home makes for a definitely oppressive setting. The Pemberton kinfolk middle turns out to rattle round their ginormous house, even if actually or metaphorically; there is no love in it, Lockruf Der Vergangenheit & little or no contentment. all people has attempted to make their very own cocoon in no matter what approach they prefer, yet they cannot aid being imprisoned jointly by way of the house, the weather, & the medieval coppice on the fringe of the lawn. i assumed I had the offender pegged, yet i used to be wrong...and the answer me sufficient to slog during the repetition & rocky scenes, in order that counts for something. however it could've been loads higher if the writer had dared to push the envelope when it comes to violence & tangled family members threads, instead of shedding obscure crimson herrings sooner than making room for a squeaky-clean HEA. (Hint: there is not any incest -- no longer even the cousinly variety.) From what i will be able to tell, this was once Lockruf Der Vergangenheit the author's first & simply gothic romance -- that will account for the unpolished feeling, as though she wasn't totally ok with the genre.
