WHAT I LOVED:- enjoyable improvement and trade Futures for Jane and Mary: I enjoyed seeing the additional personality development and new instructions for either Jane and Mary Bennet. i discovered Linda Well's portrayals of those characters to be thought-provoking and plausible. specifically with regard to Mary Bennet – i admire her courting with Darcy!- pleasure and Action: With an tried theft and assault, an unconventional birthing, and a harrowing near-death adventure – the Darcy's have had relatively an eventful marriage so far! I loved the additional drama and conflicts Linda Wells Memory: Volume 2, Trials to Bear: A Tale of Pride and Prejudice (Memory #2) brought during this novel. i'd have enjoyed to noticeable a few more!- it is a tale approximately Love and Family: Teasing cousins, guiding siblings, steadfast friends, and supportive aunts and uncles – it really is heartwarming to determine Darcy and Elizabeth surrounded via this sort of fantastic circle of associates and family. I loved seeing the amicability, camaraderie, and rapport among every body – specifically Darcy and Elizabeth!
<3WHAT I WASN'T TOO FOND OF:- bad Georgiana!: Thirteen-year-old Georgiana is bound getting herself right into a lot of trouble! Flirting with older men, spying on her brother, wanting awareness and missing occupation. It stricken me a bit that she used to be performing like any such afflicted teen. Memory: Volume 2, Trials to Bear: A Tale of Pride and Prejudice (Memory #2) It simply did not suppose congruent along with her character.- Meddlesome Busybodies:

every person turns out to grasp every one other's deepest affairs during this series! They gossip, pry, meddle, matchmake, and convey up own concerns with none qualms. It kind of felt unnatural and intrusive for Austen characters to debate the pregnancies, own dilemmas, and amorous affairs in their acquaintances with each one other. - a section Repetitious: Mrs. Bennet announcing anything hurtful to Elizabeth, Mr. Darcy reprimanding Mr. Bennet, Lydia being inappropriate, Lord and woman Matlock being stunned by way of the brazenly displayed affection among Darcy and Elizabeth...it occasionally felt like we have been caught in a few ruts or a reptetive cycle. WARNING:Some intimate and romantic scenes CONCLUSION:While I widespread and overjoyed within the first quantity within the reminiscence series, i am unhappy to assert i did not think an analogous with quantity two. possibly it is because it's the challenging-to-write center ebook Memory: Volume 2, Trials to Bear: A Tale of Pride and Prejudice (Memory #2) within the sequence and neither introduces the tale or supplies it closure. (Sometimes referred to as "middle e-book syndrome.") here is hoping i'll just like the 3rd volume, How a long way we have now Come, more!
