National Identity, Popular Culture and Everyday Life

Tim Edensor

The Millennium Dome, Braveheart and Rolls Royce cars. How do cultural icons reproduce and remodel a feeling of nationwide identity? How does nationwide identification differ throughout time and space, how is it contested, and what has been the effect of globalization upon nationwide id and culture? This e-book examines how nationwide id is represented, performed, spatialized and materialized via pop culture and in daily life. nationwide identification is published to be inherent within the issues we frequently take without any consideration from landscapes and consuming habits, to tourism, cinema and music. Our particular event of auto possession and motoring can improve a feeling of belonging, while Hollywood blockbusters and nationwide exhibitions supply contexts for the ongoing, and sometimes contested, means of nationwide identification formation. those and a wealth of different cultural varieties and practices are explored, with examples drawn from Scotland, the united kingdom as a whole, India and Mauritius. This ebook addresses the massive forget of renowned cultures in contemporary reviews of nationalism and contributes to debates at the courting among 'high' and 'low' culture.

This attracts jointly a worldly set of principles dependent within the sociology of daily life and cultural geography to stipulate a manner of drawing close the banality of nationwide identification as daily practice. The bankruptcy on Scottish nationalism and Braveheart is very useful. Lucid and good written.
