Sixties Radical writer Rod Huxley has spent the final 20 years holed up in a Denver residence with purely his cats for company, hiding from the fallout of his once-popular Cookbook for Revolution, written on the urging of former female friend and admirer Sara Caine. With October Revolution the luck of Cookbook got here a certain, if fleeting, big name prestige and -- through beneficant monetary aid from the unbalanced inheritor October Revolution to a South American rubber fortune -- the unpalatable recognition that he was once a phony. yet his self-imposed exile isn't really to last. while he wrote Cookbook, little did he think it should precipitate a hostage main issue of nationwide curiosity 20 years later. A terrorist is detaining a bunch of holiday makers at a Burger King in downtown Washington, D.C., not easy Huxley's presence in alternate for his or her release. quickly the FBI, led through the ineffectual Agent Fenwick, is knocking at Huxley's door, able to escort him to the nation's capital. not able to tolerate his talkative companion, Huxley supplies Fenwick the slip and makes his solution to Washington alone, decided to stand the mysterious terrorist, whose identification he can in simple terms wager at. who's this hostage taker, and what does he - or she - want? As Huxley confronts the answers, he also needs to confront himself, his prior - and his future.
