# Revelations (Count on a Cop #23) by Janice Kay Johnson

Janice Kay Johnson

Ann Caldwell does not recognize who she is. She does not quite comprehend what she is, either. Starting to be up, she sought after only one factor -- her father's approval. Yet she by no means bought it. Whilst she was once little she used to be an excessive amount of lady and later she wasn't sufficient woman. She even turned a cop to delight him. Now he is long past and he or she realizes how empty her lifestyles has become. She'd wish to fall in love yet does not understand the very first thing approximately getting a man. Even worse, the single guy she desires is her partner, Juan Revelations (Count on a Cop #23) Diaz -- who hasn't ever checked out her twice. As Ann struggles Revelations (Count on a Cop #23) to discover her way, she discovers a much bigger job -- understanding who has all started killing cops. She and Diaz needs to clear up the case earlier than a person else dies. Is at the task the one Revelations (Count on a Cop #23) position they're destined to be together?

this can be a keep on with up tale to Johnson's Mommy stated Goodbye. you could learn my evaluation here. The heroine of Revelations, Ann Caldwell, is a cop similar to her father. In MSG, Revelations (Count on a Cop #23) Ann in her father's footsteps while it got here to hounding Craig Lofgren, hero of MSG. Now Ann has learned her father wasn't the cop she idea he was. She's moved Revelations (Count on a Cop #23) on yet nonetheless attempting to Revelations (Count on a Cop #23) come to phrases with the daddy she suggestion she knew. Juan Diaz is an older, more matured cop who unearths himself partnered with Ann Caldwell, a newly minted detective. he is intrigued via her. She attempts to Revelations (Count on a Cop #23) decorate to conceal the Revelations (Count on a Cop #23) truth that she's a girl yet Diaz can not help yet observe that his accomplice is a woman. Diaz has already misplaced one marriage to his task and he does not see his young children up to he may like. We listen how divorce fee is excessive between law enforcement officials so i am happy Diaz had Revelations (Count on a Cop #23) that luggage of a divorce, made it way more realistic. His young ones have been good performed - having sufficient web page time to set up his dating with them yet no longer an excessive amount of seeing that he did not see them that much. Ann Caldwell is a grown girl but she hasn't had some of the reviews that almost all girls have had. She does not date a lot and her paintings has her basically round males all day. What she relatively wanted was once a few self belief in her femininity. I do imagine that Diaz helped convey that out in Ann. you may inform she desired to switch and turn into who she desired to be and never who Revelations (Count on a Cop #23) she notion her father had sought after her to be. She simply wanted a catalyst to make that change. The suspense plot i discovered slightly dull at times. probably if it have been extra image or I had felt Ann or Diaz have been in higher danger, then the stress could were higher. because it was, the villain used to be quite effortless to spot and that i a lot most well-liked time spent with Ann and Diaz learning every one other. I beloved seeing Ann pop out of her shell, laying off her anxiety and gaining self belief in her strength as a woman. I loved Ann and Diaz, seeing them take their specialist dating and switch it right into a shut friendship and at last a romantic couple. The mystery/crime fixing used to be easily okay. I do like Johnson writing style, she does good within the brief format. Fortunately, she has a protracted again record and maintains to submit with Harlequin.
