each novel during this assortment is your passport to a romantic journey of the U.S. via customary favorites through America's First woman of romance fiction. all the fifty novels is determined in a unique state, researched via Janet and her husband, Bill. For the Daileys it The Bride of the Delta Queen (Americana #18) was once an odyssey of discovery. For you, it is the trip of a lifetime. Your travel of hope starts off with this tale set in Louisiana.

1.5 starsMy one severe gripe with the tale is that although Selena spelt out her faux occupation for any and all onlookers, that didn't suggest she used to be open to manhandling and sexual harassment meted out via any random man. without reference to the career of a woman, as soon as she refuses, no guy worthy his salt may still strength her. That simply makes him a molester, no longer an alpha male. To exacerbate the situation, likelihood acted like a Neanderthal all through and didn't supply any The Bride of the Delta Queen (Americana #18) credence to Selena's explanations. His indulgence of his aunt's whimsies and purpose to guard her from ridicule, kept him a section in my opinion.
